Sonja Duza 123 Miller Street –Stated that she would like to have a referral number to go back on the agenda. She also stated that in regards to the resignation of William Paton it seems lately that all these people are resigning and she is getting a little suspicious. In regards to appointing Mr. Carney she has nothing against him, but it is a retread. Stated this old boy’s network has to stop. Stated in regards to the communication from the City Accountant, she is not a suspicious person, but when she reads that letter, bells go off and she questions it. She stated that the Police Chief submitted the letter of resignation of Jared D. Voelker and it doesn’t seem right that it was just a one day notice. She wanted to know what is triggering this, and stated “I am not attacking anyone, but one day notice doesn’t make sense.” Stated that she will be paying close attention to the 2015 NYS consolidated funding application, Oliver Street sessions have been a joke. Stated when you read the Western NY Regional Economic Development Plan “you are not with it”.

Re: 2015 New York State Consolidated Funding Applications

Dear Honorable Body:

As you may be aware, the fifth round of state-wide economic development funding through the New York State Regional Economic Development Councils have been announced. \$750 Million is available through a pool of over 20 state programs. In previous rounds, North Tonawanda submitted 16 applications and secured \$2 million. This year's application dead line is July 31st, 2015.

After meeting with the Mayor, the Community Development Department and Lumber City Development Corporation (LCDC) has determined three viable projects. These projects were selected based on a number of factors including project feasibility, project need, funding availability, and project readiness.

The first project application would be for \$200,000 from the New York Main Street program. This grant would target the Oliver Street business corridor and provide funds to commercial properties for eligible renovations. This grant will be submitted and administered by Lumber City Development Corporation but by regulation requires a municipal resolution approving the application submittal by LCDC.

The second project application would be for \$200,000 for the Community Development Block Grant (CDBG) Microenterprise Program. This grant would provide business assistance grants to small businesses with five or fewer employees, low to moderate income business owners, and create jobs for low to moderate income individuals. This will be a city wide initiative with a focus on supporting businesses in the Oliver Street and downtown areas. This grant will be submitted by the City with LCDC administering the project once awarded funding.

The third project would be an application for \$50,000 of funding for the Community Development Block Grant (CDBG) Community Planning program. This program will aid the City of North Tonawanda in developing a community needs assessment and market analysis as part of the Oliver Street revitalization efforts. This grant will be submitted by the City with LCDC administering the project once awarded funding.

Sincerely,
Michael Zimmerman
Director of Community Development

Dear Mr. Nickerson,

We, the Downtown Merchants, are looking into holding a sidewalk sale during this year's Canal Fest Celebration. The date of the sidewalk sale would be Thursday, July 23rd in the late afternoon to early evening. This is a joint effort with the City of Tonawanda Downtown Merchants.

As the street is closed so many times during Canal Fest we felt it would be a good idea to hold a sale when the traffic is elevated in the area. Each participating merchant would have a table or two outside of their shop. Our main concern was any regulations that either prevented us from doing this type of event and the amount of sidewalk needed in case of emergency.

We have already spoken to Larry Deneff of Canal Fest and he sees no problem with the event. For the event to be published on their website and the brochure, we have a deadline of June 15.

Could you please advise us and perhaps share this with the Common Council? If we need permission or there are additional questions, I will be more than happy to speak at a meeting.

If this is successful, we are also thinking of doing another sidewalk sale during the Chocolate and Wine Festival at Gateway park on September 12th from noon to 6pm.

Thank you very much for your consideration.

Have a nice day.
