PUBLIC NOTICE

November 9, 2021

The City of North Tonawanda has received an application to construct a 47-lot single family subdivision on a combination of three parcels (30.6 acres), located at 1144, 1162 and 1196 Sweeney Street, that are currently zoned R1-1. In order to determine whether this action may or will not have a significant impact on the environment, the City Engineer will be reviewing the Full Environmental Assessment Form provided in the application from the developer's engineer. The City Engineer will receive written views from the public on the proposed action on or before 4:30 PM, Wednesday December 8, 2021. The plans are available for review in the City Engineer's Office, Room 9, second floor of City Hall, 216 Payne Avenue, or online at www.northtonawanda.org

Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.
